The screenshot shows the 'Login to mWater' page. At the top, there is a navigation bar with links for 'mWater', 'Sites', 'Surveys', 'Visualizations', 'Manage', 'Indicators', 'en', 'Help', and 'Not logged in'. The main area is titled 'Login to mWater' and contains fields for 'Username or Email' (with 'Username' and 'Forgot Password?' sub-fields) and 'Password' (with 'Password' and 'Forgot Password?' sub-fields). There is also a 'Save login' checkbox. A large blue 'Login' button is at the bottom of this form. Below the login form is a horizontal line with the text '- or -' and a blue 'Signup' button.

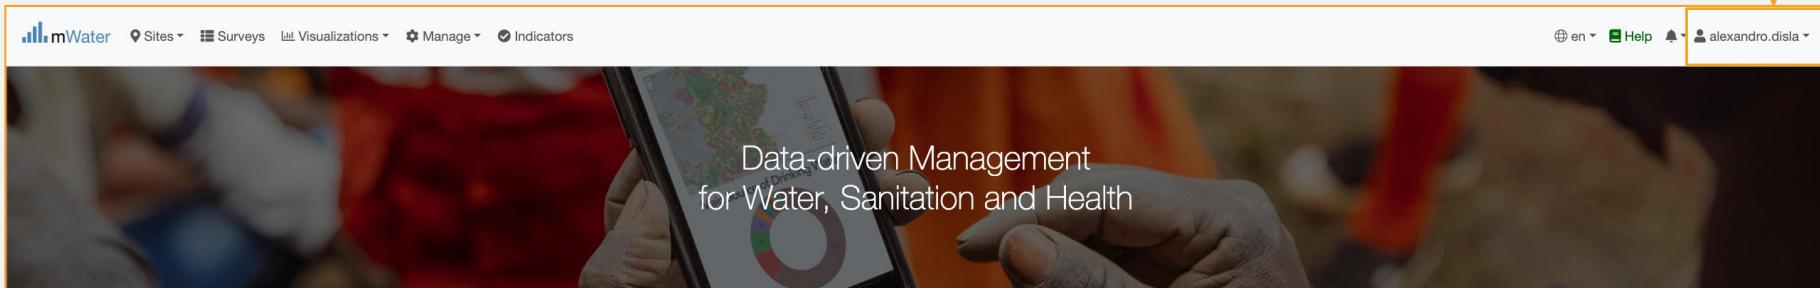

Annotations:

- A callout box on the left side of the page contains the text: "Rempli fom sa avec email ou non itilisate ou et mo pass ou. Epi clike sou button Login lan."
- A callout box on the right side of the page contains the text: "Sa Indike ou poko identifyew sou system lan".
- An orange arrow points from the text in the left callout box to the 'Login' button on the page.
- An orange arrow points from the text in the right callout box to the 'Not logged in' link in the top navigation bar.

### News

Who else is using the platform where you work?

Do you want to get a sense of which organizations are active in a country you are working in? Take a look at this dashboard. The data is based on site information that those organizations have chosen to make publicly visible.

### Stats

Surveys in the Past 24 Hours (09:00 GMT)

Sites	4,837,467
Surveys	30,556,270
Users	285,163

### Custom dashboard layouts

Thanks to funding from World Vision we have developed an extensive set of style customization options which you can use to adjust the way your dashboards look. Go to the Layout tab of a dashboard you manage to explore these options.

### The USAID STAWI MIS Project in Kenya's ASAL Regions

As part of USAID STAWI, mWater is creating tailored MIS for nine counties in Kenya by centralizing water infrastructure data, conducting comprehensive surveys, and collaborating with local stakeholders to enhance water service delivery and data management.

### Sanitation asset standard

Building on the success of our water asset standard, we are now developing a comprehensive Global Sanitation Asset Standard. This initiative aims to transform how sanitation assets are managed worldwide, from rural communities to bustling municipalities.

# HANWASH HOME

Kounya ou met itilize lyen url sa ki amba pouw rive sou page HANWASH Home lan.

Lyen URL :  
<http://go.mwater.co/hanwash>

The screenshot shows the HANWASH Home page on the mWater platform. The top navigation bar includes links for 'mWater', 'Data', 'Surveys', 'Visualizations', 'Manage', and 'Indicators'. The main header features the HANWASH logo (a blue water drop) and the text 'HANWASH Haiti National Water, Sanitation and Hygiene Initiative'. Below the header, there are six boxes representing different communes: HANWASH Overall Performance, Cavaillon, Ferrier, Léogâne, Pignon, and Terre-Neuve. Each box contains links to 'Community Action Plan', 'Performance Indicators', 'Project Status', 'Investment Status', 'Lessons Learned', and 'MAIL system'. A note at the bottom of the page states: 'This content is currently under review with design update and data quality check.' The bottom section contains sections for 'What is HANWASH?', 'Vision', 'Mission', and a summary of the program's goals and partners.

**What is HANWASH?**

Created in 2018, HANWASH is a national program established through a collaborative effort between Rotary International District 7020 and the National Directorate for Water Supply and Sanitation (DINEPA). Building upon the WASH implementation model developed by the non-governmental organization Haiti Outreach, HANWASH serves as a platform for bringing together both local and international partners. This collaboration aims to facilitate the transfer of knowledge and skills while empowering local communities and leaders to effectively govern WASH initiatives. HANWASH's goal is "increased access to safe, sustainable and affordable water, sanitation and hygiene (WASH) services in Haiti".

Working with a variety of partners, HANWASH investments are made according to national policies, international good practices in the WASH sector, and a set of core values which are: local leadership, meaningful collaboration with our partners and volunteers, thoughtful planning and continuous improvement, sustainable impact and long-term commitment.

**Vision**

Universal sustainable access to safe drinking water, sanitation and promotion of good hygiene practices throughout Haiti.

**Mission**

Develop and implement business-based best practices for public and private collaborations to build capacity in local communities to deliver drinking water and sanitation to all citizens of Haiti

### Carte des points d'eau

The map displays the coastline of the Caribbean Sea, with the island of Cuba to the west and the Dominican Republic to the east. Key locations labeled include Bayamo, Cuba, Santiago de Cuba, Guantánamo, Baracoa, Palma Soriano, and the GUANTANAMO BAY DETENTION CAMP in Cuba. In the Dominican Republic, labels include Port-de-Paix, Jean-Rabel, Bombardopolis, Cap-Haïtien, Fort-Liberté, Dajabón, Gonaïves, Hinche, Mao, Sabaneta, Santiago de los Caballeros, La Vega, Cotuí, Bonao, and Nagua. The map also shows the border between the two countries and various rivers and roads.

# LOT OPSYON POU EKSPOTE

2 lot opsyon poun k telechaje rapò konsòl sa c avec Print epi Export as PDF lan. Mwen ta sigjere nou itilize Export as pdf lan. Paske lap bannou rezulta yo nan pi bon fòma.
